

# TB 304 VERTICAL CYLINDRICAL STORAGE TANK

## TECHNICAL SPECIFICATIONS

### DIMENSIONS

- Diameter from mm 1000 to mm 3000

### MATERIALS

- Stainless steel AISI 304 2B or AISI 316 L

### CAPACITIES

- Nominal capacity from HI 50 to HI 1000

### MAIN SPECIFICATIONS

- Working pressure: ATM
- Working pressure: AMB
- Conical roof
- Cylindrical shell
- Conical bottom
- Welding performed in Argon inert gas atmosphere with TIG
- Total pickling and passivation of internal and external surfaces; internal finish 2B, external 2B.
